

CAD Technician

Location: Leiston, Suffolk
Salary: Attractive packages
Hours: 40 hours per week
Contract: 6 months contract available

Sonovision UK provides a full range of Technical Publications to multi-national companies world-wide. We develop printed, electronic and online documentation, working to industry specific standards such as S1000D, ATA, JSP and DITA for the Defence, Energy and Aerospace sectors.

The role:

The role will primarily be updating engineering drawings for the nuclear power industry.

To be considered for this opportunity:

- Minimum of 3 years' relevant experience within an engineering environment, with Nuclear experience an advantage.
- Experience with producing and updating; Engineering drawings using AutoCAD
- Good understanding of engineering data in a variety of formats from Engineering drawings to Design Reports
- Adequate competency using different software packages for planning/reporting purposes
- Produce weekly reports for the project manager
- Attend productions meeting with the customers' management team
- A pro-active thinker that can provide potential solutions
- Ability to track production of tasks from conception to completion
- Drive and enthusiasm to achieve customer quality criteria
- Ability to work to deadlines and adhere to schedules
- Ability work with a minimum of supervision
- Current SC Clearance an advantage

Please note candidates must successfully undergo UK Security Vetting before they can be appointed. The level of security needed is Security Check (SC).

Screening:

Have you 3 years' relevant experience in an engineering / energy environment?

Have you experience with producing and updating; Engineering drawings using AutoCAD?

Have you an understanding of engineering data in a variety of formats, Drawings and Design Reports?

Do you hold current SC Clearance?

Are you eligible to live and work in the UK?
